

Sales and Billing

Why is there a special price for version 0? What will the regular price be?

IN MAY, 2016 we have finally upgraded to version 1.0. The prices have now been fully decided and are not discounted anymore. Thank you for your interest.

----- ORIGINAL OUTDATED COMMENT ON THIS FOR REFERENCE:

Version 0.X refers to a stable release of comma CMMS but that may contain some incomplete functionality and/ or occasional bugs. Consider version 0 as a commercial test version.

The regular full price is not yet decided.
